

At Ardina Car Care we manufacture and supply leading edge automotive products. We stand for exclusivity and an excellent price/quality comparison of a brand with a wide range of premium products made in the Netherlands.

Products

We offer a wide range of premium car care products like:

- ▶ fuel additives
- ▶ oil additives
- ▶ coolant additives
- ▶ engine oils
- ▶ gear oils
- ▶ brake fluids
- ▶ car care
- ▶ maintenance

Our high quality car care products:

- ▶ enhance performance and drivability
- ▶ prevent engine malfunctioning
- ▶ improve engine lifetime
- ▶ reduce maintenance cost
- ▶ improve fuel economy
- ▶ are effective and quick
- ▶ are environmentally friendly
- ▶ are the result of continuous R&D

FUEL ADDITIVES

Petrol System + Injector Cleaner

Cleans and lubricates the entire fuel system including injectors. Improves combustion and restores power and performance.

Art. 68214 - 150ml

Octane Booster

Increases the octane number of petrol improving engine power and performance and preventing engine knock.

Art. 68219 - 250ml

Diesel System + Injector Cleaner

Cleans and lubricates the entire fuel system including injectors. Improves combustion and restores power and performance.

Art. 68212 - 150ml

DPF Cleaner

Cleans the Diesel Particulate Filter (DPF) and ensures complete and rapid DPF regeneration. Prevents DPF malfunctioning.

Art. 68220 - 150ml

Diesel Stop Smoke

Reduces black smoke and emission of hazardous exhaust gases. Optimizes fuel combustion.

Art. 68226 - 150ml

OIL ADDITIVES

Oil Stop Leak

Stops and prevents oil leakages through seals and reduces oil consumption. Makes seals swell back to original size.

Art. 68119 - 250ml

Oil Treatment + MoS2

Reduces friction and wear and provides long term engine protection. Reduces fuel and oil consumption and restores engine power.

Art. 68201 - 250ml

Universal Oil Stop Leak

Stops and prevents oil leakages through seals in engines, manual and automatic gear boxes, power steering, and hydraulic systems.

Art. 68113 - 60ml

Ceramic Engine Protector

Provides long term engine protection. Reduces friction and wear. Restores engine power and reduces fuel consumption.

Art. 68130 - 250ml

Engine Flush

Flushes and cleans the oil system from sludge, gum, rust and varnish prior to an oil change. Enables new oil to perform optimally.

Art. 68213 - 250ml
